10/20/2022

Chicago Campus

Program(s): PhD in Art Therapy

Purpose of Addendum: addition of internship and seminar continuation course.

PHDAT- 853

Course Description:

Doctoral Internship & Seminar Continued is a continuation of the Doctoral Internship & Seminar III and covers advanced intensive experience congruent with the student's professional goals and the completion of the 700-hour requirement. The student will engage in in-depth scholarship and research on an important issue in the field of art therapy. The research is student-directed conducted in consultation with a doctoral committee and advisor on a topic of study relevant to the theory and practice of art therapy. Doctoral Internship & Seminar Continued continues to provide students with a field experience designed to enrich their professional portfolios and to strengthen their career possibilities as expert clinical supervisors, educators, researchers, leaders, and social activists. This course will also offer opportunities to consult with professional colleagues, to develop effective working relationships, and to build awareness of clinical art therapy.
